# THE CITY OF TUTTLE

## POLICE DEPARTMENT

### OVERSIZED VEHICLE PERMIT APPLICATION

Section 18-50 of the Tuttle Code of Ordinances requires vehicles with wide-loads, oversized, overweight, cause potential traffic delays, cause injury to streets, or constitute a hazard to persons or property to first obtain an Oversized Vehicle Permit. Permits will be submitted to the Community Development Department for review and record-keeping.

The fee for an Oversized Vehicle Permit is \$50/mile of local road impacted (\$50 minimum).

The Oversized Vehicle Permit will be reviewed by the Tuttle Police Department, Tuttle Streets Department, and Tuttle Community Development Department. Applications will typically be reviewed within three (3) full business days.

The following documents must be attached to this application:

- A copy of the Certificate of Insurance in the amount of \$1,000,000 or greater combined single limit per accident/occurrence with this application. The applicant will be financially responsible for damaged caused to the public streets and other property. The applicant further agrees to defend, indemnify and hold harmless the City of Tuttle, members of its City Council, boards, and commissions, officers, agents, employees and volunteers from any claim, liability, judgment, or damage arising out of or resulting from the exercise of the rights granted hereunder, regardless of any active or passive negligence by the City; except when such liability arises from the sole negligence or wrongful misconduct of the City.
- A clear map highlighting the proposed route. This permit is restricted to the load specified on this application. All dimensions and weight include both load and vehicle. It shall be the responsibility of the applicant to check all trees, underpasses, bridges, overhead wires, or other structures over the street for impaired vertical and horizontal clearances and weight limits, and to bypass or arrange clearances at such obstructed locations. This permit is restricted to state highways, designated and marked truck routes and local streets that provide the most direct connection from the authorized routes to the delivery or pick-up location.
- You must get a permit from the City of Tuttle before you can apply for a Department of Public Safety permit
